## 2021 External School Report (by Education Bureau)

- The campus has a harmonious atmosphere. Students are humble, teachable and disciplined. Teachers care about students, and the relationship between teachers and students is good.
- There are various measures to support students in the school and they can build students' self-confidence.
- Flexible and online learning arrangements during the pandemic are well recognized by parents.
- Many students love sports. They have achieved great results in inter-school sports competitions and won the "Annual Championship". Among them, there are many members of the Hong Kong teams, who have participated in Hong Kong and international competitions and performed well.
- Making good use of the connections with school sponsoring groups, churches, government and external organizations to provide students with opportunities for leadership training and social service; thereby improving students' teamwork spirit and self-confidence.
